React Graphite Paddle

The React Graphite Pickleball Paddle is chock-full of innovative features that challenge the traditional standards of paddle manufacturing. The carbon fiber graphite face maintains a strong surface while providing substantial pop for incredible quickness. The new-age core is what sets this paddle apart from the rest. The Fusion Core is a polypropylene core with a piece of Nomex set inside the sweet spot. This Nomex inset aims to increase touch and control while still providing the durability of polymer. This sharp paddle features "ONIX" written vertically down the face on top of a pattern of distressed Onix logos. The PVC edge guard ensures maximum longevity.

The React Graphite Pickleball Paddle is a powerful paddle thanks to its weight of 7.9 to 8.2 ounces. The 8-1/8" wide face provides ample hitting surface. This paddle measures 15-1/2" long with the handle measuring 4-7/8" long. The smaller grip is well-suited for most players.

The React Graphite Pickleball Paddle is sure to impress even the pickiest player.

Available in the following colors: Green and Black.

★★★★★ new racket

The React is working well for me. It's given me back my backhand, which had deserted me using a heavy power racket.

★★★★☆ Great Customer Service

June 20, 2016

Reviewer: Susan Morton from Tallahassee, FL United States

I didn't love the paddle. Nothing wrong with the paddle, it just wasn't any improvement over the paddle I am currently using. I returned the paddle and Pickleball Central customer return policy and overall customer service made this simple and painless.

★★★★★ Onix REACT

May 18, 2016

Reviewer: James Seidel

I received this paddle a couple of weeks ago and absolutely love it. It has great feel for slowing the game down as well as good power for put-away shots. And with Pickleball Central's 30-day return policy on paddles, it was a risk free purchase, important since it's a pricey paddle.

Reviewer: rick Varley from Dowell, MD United States

It's common knowledge that Onix makes top level paddles..I have played with and owned 5 Z5 Onix paddles and this newest paddle really hits well and makes a real statement among Pickleball players everywhere....the weight is perfect..the two colors choices are impressive and in style.Pickleball Central delivered it on time as always
