What's GiftNow?

The Allegiance Convertible Car Seat is safe and comfortable for your little one while you're on the go. Britax SafeCell Impact Protection is a system of patented safety features that provide advanced protection. A foam-lined shell provides side impact protection in the event of a crash. Babies grow quickly, and the 10-position harness adjusts to keep up. Installation is easy using lower anchors that lock into place with a click and are released with the push of a button. Plus, foam padding and a three recline positions keep your baby comfy and cozy along the way.
