Patterned carpet may require special attention by the installer to ensure a suitable match, and must be allowed to dry in the original labor condition. Products that go through the shearing process may result in a small loss of yarn weight. Slight variations in color among different production lots are normal and should be considered in the overall installation plan. Carpet specifications and components are subject to normal manufacturing tolerances and may change without notice. Technical performance characteristics are subject to adjustment based on results of post-manufacture testing. Products warranted exclusively in effect at time product is sold. All other warranties, including without limitation any implied warranties of merchantability or fitness for a particular purpose are hereby disclaimed. Made in USA. Warning: Unauthorized reproduction of the carpet design constitutes copyright infringement. ©2018 Bentley Mills, Inc.

Bentley's carpet products are manufactured in our California mill, a LEED for Existing Buildings, Operations and Maintenance (LEED®) EBOND Gold certified facility.
