INTRODUCING THE LANDICE M1 FOLDING TREADMILL ...

Landice M1 Folding Treadmill

Being in motion is a safe and smart way to reduce blood pressure, stress, the risk of diabetes, and even improve your sleep. Now, you can have those advantages in your home, office or wherever you exercise.

The **Landice M1 Folding Treadmill** can be used almost anywhere. With wheels in both directions, you can move it wherever you want ... whenever you want. And with its sleek design, it can be easily stored until you're ready to use it again.

The **M1** is made by Landice, a company with over fifty years of experience in manufacturing highly-rated, top-of-the-line fitness equipment. Landice is renowned for their commercial-grade quality. And they put

this same craftsmanship into the **M1 Folding Treadmill**.

With your **M1 Folding Treadmill**, you'll always have a secure and convenient place to exercise. Order now and get **free shipping & delivery**. (Only available in the USA)

FOLDING TREADMILL FEATURES

- Easily goes from flat position to ready-to-use in seconds with the assistance of built-in hydraulics. Secure locks ensure a safe and secure operation.
- Low profile folding treadmill will stow easily in most locations.
- Two sets of wheels enable you to move the machine both forward and backward as well from side-to-side.
- USB port enables you to charge your electronic devices and audio jacks enable you to listen to your devices through the treadmill's embedded speakers.
- In case of an emergency, the readily accessible safety switch ensures the immediate stoppage of the treadmill belt.

INCREDIBKE SERVICE

Diane MacInnes on May 29, 2019

Dave Rainis from Landice, Inc. responded thoroughly to my concerns with specific and useful advice. He even responded over the holiday weekend, which is above and beyond the call of duty. He deserves a weekend off without his cell phone. That being said, it is comforting to know that a company has the integrity and confidence to support its customers.

GREAT FOLDING TREADMILL

Lucinda Swearingen on Apr 09, 2019

This folding treadmill is perfect for our townhouse. It gives my husband and I a great workout but is still compact and quiet. I wish I would have discovered this years ago! It sadly is just a bit too large to fit under our couch but we've made it work in areas of our house. My only gripe would be that the belt can move to one side when in use but straighten back out after.

EXCELLENT FOLDING TREADMILL

Farhan Basharat on Apr 08, 2019

This is a very well designed Treadmill. It's easy to setup and use. It's great for walking and jogging and I love the suspension on this treadmill. Well done Landice!

FABULOUS FOLDING TREADMILL THAT DELIVERS A TERRIFIC WORKOUT!

Ellen Peters on Mar 07, 2019

This treadmill is awesome! I'm a walker/jogger/runner who has limited space in my home, and this machine sets up so easily and is super simple to move. It is light and extremely sturdy and well-built, unlike previous folding treadmills I've tried. If you are looking for a lightweight portable machine that you can use any time and anywhere in your home, this is the one! Great job Landice!

WELL BUILT TREADMILL/BUT SOME ISSUES

I've just gotten it installed a few days ago. Although I walk 4 miles a day in good weather outside with no issues, after just a few days using the treadmill I began to experience an issue with my right hip and IT band pain. I'd like some advice on this. Why would walking on a treadmill be different than walking on the street? Also I plugged my phone into it, but no sound comes out the speakers. I can't hear my podcasts on the phone over the sound of my walking. I do hope to resolve these issues because I really love the idea of being able to get exercise comfortably indoors in bad weather.

GREAT MACHINE

Delivery was quick, all my questions were answered thoroughly and promptly. I bought the M1 a few months ago and so far, I love it! Overall, this has been a great buying experience.
