Game Info

**Double Apocalypse, bitchin' mutations, and a sweet bat.**

RAD is a 3D action rogue-like set in a post-post-apocalyptic world, where humanity has faced armageddon not once, but twice.

Playing as a teenage protagonist, you must venture into the Fallow — an ever-changing, radioactive wasteland filled with unknown and unspeakable creatures.

But humanity's future comes at great personal cost, as the deeper you journey into unknown lands, the more you will expose yourself to gnarly toxins which will wreak havoc on your fragile human form.

The fate of the world depends on you, your trusty bat, and whatever strange new abilities you gain as the world around you ravages your body — twisting and mutating you into something far less than human, but far more powerful.

But forget all that — go grab that sweet bat and help save the world...or what's remaining of it anyway!

[OVERVIEW](#)[GAME EDITIONS](#)[MEDIA](#)[SOCIAL](#)[BUY NOW](#)

barren wasteland into a verdant source of new life, opening up the path forward

**TO MUTATE IS YOUR FATE** - Radioactive toxins mutate your character into strange new forms, bringing with them powerful new abilities that challenge you to constantly adapt your play style.

**TOP RUN** - Take on daily challenges with predetermined quirks to see *who among you is Bad* and *who is Rad*, by comparing yourself on the leaderboards.

**BAT TO THE FUTURE** - Unlock righteous new bats that let your future heroes to start out with special advantages

**STOW IT OR BLOW IT** - Bank tapes to strategically benefit your future runs, or just drop it all on sweet new kicks. For some, it's not whether you win or lose, it's how you look doing it.
