AZTEC Unlock code

For MARK I Annealers Only - MARK II Annealers come with AZTEC included

Unlock the Power of AZTEC MODE on your MARK I Annealer and let the machine do the work for you!

This code can be used to unlock with any MARK I Annealer serial numbers 180050 and up.

***We will email you the code within 24 hours of purchase

To enable AZTEC on your MARK I Annealer you will need to update your machine with the latest software.

To install the latest software with AZTEC download our software installer [here](#).

The update software will ask you to enter this code anytime an update is completed.

Instructions on how to use AZTEC [here](#).
