#### Nice GYM BAG

I like that the ends both have zippers so my electronics and straps stay separate from my shoes and clothes. two different sets of straps so you can sling it over your shoulder or carry by short handles. I do with the straps were detachable but the bag is durable, light weight and a great way to represent

#### Aroo

Not as big as I though but still a good size. Perfect for the gym or traveling. I can't imagine how small the smaller version is so definitely get this one. Great strong material. Looks badass! Also, it has backpack straps so you can wear it as a backpack. Love it!

#### Great bag!

I've had a hard time finding a duffel bag that wasn't tiny, but also wasn't so big I could fit a body in. This bag is the perfect size for all of my Muay Thai gear. And it's extremely well made! Feels very sturdy. The pockets and compartments are perfect for everything I need to carry around with me. I'll definitely be using this bag for everything from now on! Can't wait to pack this baby up for my next Spartan race!
