

THE BEAST

# 21K 30 OBSTACLES

The ultimate Spartan test; a soul crushing half marathon with 30 obstacles. You'll rarely find a Beast on flat ground, so your legs will burn with brutal ascents and descents. The Beast is notorious around the world for its difficulty.

Only battle hardened Spartans dare take on the Beast, along with a few foolhardy first-timers. Complete it solo (half marathoners take note), or with friends or a formal team so you can push each other through the unavoidable moments of self-doubt.
