The skin care treatment is formulated with Marula oil, 1000mg of Full-Spectrum CBD oil and Swiss apple to promote a more youthful-looking complexion.

Studies have shown PhytoCellTec™ Malus Domestica, the active ingredient based on the Swiss apple stem cells, promotes the vitality and longevity of skin stem cells. It protects them from damage due to environmental stress and thus delays the skin aging processes. Rich in antioxidants and omegas 6 & 9, Marula Oil is our go-to for nourishing, softening and restoring the skin with a healthy glow. With daily use, your skin may appear younger, tighter & brighter!
